

Practical Soil Health Systems

Rademacher Field
Day

August 21,
2021

7:30 - 12:00pm

Join us for a cover crop and soil health field day in Champaign County! Lead by IL Corn and Illinois Soybean Association's Precision Conservation Management program, we will be highlighting the management practices of the Rademacher farm and hear from speakers on what best management practices are working in Illinois.

Location:

3376 CR 2300 E

Gifford, IL 61847

Four miles north of Gifford. Green and white shed on east side of the road.

We hope this field day will provide you with the resources you need to have a successful cover crop experience!
