

# KDA & PARTNERS REGENERATIVE AG INCENTIVE

This program was designed by PCM and the Kentucky Distillers' Association (KDA) to help farmers account for the conservation practice benefits they produce in KDA's supply chain. Farmers are paid for practices and KDA uses the carbon credits produced to account for supply chain emissions reductions.

**PCM farmers are eligible to receive payments for new or existing practices.**

## BENEFITS

Farmers enrolled in PCM are eligible to receive up to **\$35 per acre** for conservation practices through this program. There is no cap on number of acres per farmer, and practice payments are stackable with state or federal programs!

Cover Crops	No-Till/Strip Till	MRTN/10% N Reduction
\$15/acre 1 <sup>st</sup> and 2 <sup>nd</sup> year	\$10/acre 1 <sup>st</sup> and 2 <sup>nd</sup> year	\$10/acre 1 <sup>st</sup> year
\$10/acre 3 <sup>rd</sup> year and beyond	\$5/acre 3 <sup>rd</sup> year and beyond	

## REQUIREMENTS

- Eligible KY counties: Breckenridge, Hardin, Larue, Green, Taylor, Marion, Washington, Nelson, Bullitt, Jefferson, Spencer, Shelby, Henry, Oldham, Trimble, Anderson, Woodford, Franklin. Some southern Indiana counties may also be eligible.
- All acres must be enrolled into PCM.
- W-9 Form
- Each field can have 2 “new” years of cover crops (1 ahead of corn, 1 ahead of beans).
- To be eligible for N reduction payment, additional requirements may apply.

Contract length: 1 year

Payments issued in the summer after verification by your PCM Specialist.

Carbon credits from enrolled acres are claimed by KDA. Acres enrolled cannot be part of another carbon/ecosystem service/sustainability marketplace.

Talk to your PCM Specialist to understand program exclusions and stacking opportunities.
