4501 E Liberty St.
Mexico, MO 65265

Enjoy
breakfast
on us!

RSVP

No RSVP Required. This invitation is
your breakfast ticket! You may bring
one guest.

MEET YOUR MISSOURI PCM SPECIALIST

Landon Anderson

Conservation Specialist

Come enjoy a hot breakfast and meet Landon Anderson, Missouri's new PCM Specialist. He'll share how PCM works and how you can get personalized support to improve profitability on your farm.

PCM, in partnership with Missouri Corn, helps farmers analyze the financial and environmental impact of in-field practices like tillage, cover crops, and nitrogen rates. Every practice is treated as a business decision, not just conservation, so you can protect your bottom line.

No sales pitch here -- participating in PCM is free! Learn more at
www.PrecisionConservation.org
